Georgia

- The Natural beauty of Georgia – A country of fabulous landscapes and medical resorts. Georgia has everything from snow-capped mountains to Alpine meadows and ski slopes to pebble beaches along the Black Sea coast. In Georgia, there are more than 2,000 mineral and thermal springs, as well as healing therapeutic mud and popular balneological resorts.
- The climate of Georgia is famous for its mildness, which allows tourists to come here almost all year round. Investment in tourism infrastructure has increased, offering guests a full range of entertainment from diving along the Black Sea coast to skiing. Summer here is humid and warm, with average temperatures of +22 +28 C in July. Winter is also mild, with an average temperature of 4C in January.
- Many fruits and vegetables grow here.
- Grapes have been cultivated in Georgia for thousands of years, and archaeological evidence suggests that wine was probably being produced here more than 8000 years ago. Wine is an important part of Georgian culture.
